

# If your answer is **“YES”** to any of the following

*Lifeline of Your Industry*

do you often change your *hoses*?

do you have issue *replacing the hoses*?

do you think that the hoses are the cause of your *equipment, tools and machine failure*?

do you think that you could do more for *personnel and environmental safety*?

do you agree that having a *“preventive maintenance system”* could extend the life-span of your equipment, tools and machine?

do you want *“peace of mind”* when it comes to your hoses requirement?

*Hose Marine Specialists*

It's time to talk to **GRP** –  
the Hose Assembly Manufacturer  
with Hose Management Services –
